WORK EXPERIENCE

GOOGLE INC., Virtual Internship   May – August 2020
STEP Intern
- Built a portfolio page that allows users to sign-in and post comments with images.
- Worked in an intern team to create a recipe sharing site. Includes a personalized For You feed, the ability to create spin-offs of existing recipes, and group chats.
- Features I owned: sign-up process, profile page, following system.
- Participated in the Hash Code programming challenge and Technical Interview workshop.

EASE INC., Mission Viejo, California
Software Dev Intern   2016-2019 Summers
- Created a tool for dev ops to monitor the status of various queues in the system (C#, SQL)
- Displayed charts on screen in common area to show system performance
- Created regular task to query the production database and store the measurement in a summary table
- Created ASP.NET C# server to display the results from the summary table upon demand.
- Created tools for text internationalization (Python, SQL)
